DR. T. POLIT GOL MARRIES

BREAKTART

Mr. Grossbeck of Gincinnati has chauged his

mind. He was a member of the United States solider commission of 1876, and in 1978 repre-sented the United States at the international monetary conference in Paris. In 1878 he concurred with Mesers Bland and Jones in ding. the restoration of the double At Paris he stated that the eilver delegate, who produced United States doonments showing that the silver dollar had disapsured from the ourrency many years before, and was deliberately omitted in the law of 1873. But it an address to the bankers at Saratoga he opposed unrestricted coinage, and though still a bl-motallist, he acquiseced in the following resolution, which was adopted by the

convention:

**Econormal That it is the same of the American
Backers' Association that the coining of standard
after dollars of 412 trains in against the welfers of
the country, and that they recommend to congress
discontinuance of such coinage.

Soinn Chase of Maine, once a r Soion Chase of Maine, once a notarious terrorresort to pistels and poles. But such probability and poles in the probability of one time when a man med spatemen there are a hundred when he needs sharefulness and courage. Let us be nation by all means, if we cannot do better, but let us a means, if we cannot do better, but let us a spatement of the courage in the course of the course t b crested in the same way.

we cannot do better, but let us not imagine that we have occasion to sit down pariously we cannot do better, but let us not imagine that we have occasion to sit down pariously the set a part after industry.

Let use the fraction in the same way bravely and strike out from the shoulder.

To be patentia to endure gurrow meconical content by the anneal pairs of a hematic million of superfinous taxes. Testival parts comes in, the var taxes must go.

Dr. Plores, the scoretary of the probabilition usery in Pennsylvania, is quoted as assign that the national organization is now tweive years old said is twice as strong as the republican party was "as the similar aga," in 1854, twice its strength at the time named was very indignifying party was not born until 1854, twice its strength at the time named was very inaggrificant, for any the least.

The read of such is twice as strong as the republican party was not born until 1854, twice its strength at the time named was very inaggrificant, for any the least.

There are strong to the same aga, "in 1854, twice its strength at the time named was very inaggrificant, for any the least.

The read of the same aga, "in 1854, twice its strength at the time named was very inaggrificant, for any the least.

The read of the same aga, and the same against any other when he wrote the imprincipations of the collisions of the same aga, and the same aga, in the same aga, and the same against the same against any other when he wrote the imprincipations of the same against any other when he wrote the imprincipation of the same against any other when he wrote the imprincipation of the same against any other when he wrote the imprincipation of the same against any other when he wrote the imprincipation of the same against any other when he wrote the imprincipation of the same against any other when he wrote the imprincipation of the same against any other when he wrote the imprincipation of the same against any other when he wrote the same against any other when he wrote the imprincipation o

The Philadelphia Times estimates that the

city "will not be less than \$2 000,000, not counting the cost of increased idleness and demornimoney need in what are called the necessary cost of campaigns has thus multiplied in untheir now fearfulls rapid growth, the better to six down in the nelses. and retire partiean profigures from overy party

large number of votes. When these strikers faulture were leaded relations of some director or got the coveted sum of money to disburse they often, and were served by the very men who give to perhaps a dozen or two try men a dollar of individuals cincerned to related and exasperating manner in agers of campaigns know that this is the way a large proportion of the money goes, and still average good enough so far as it goes, but it was published. The Times it the public and of individuals concerned, to re-buke the cross and exasperating manner in agers of campaigns know that this is the way a

viation from the paths of reputable marked deviation from the patie of reputation from the patie of reputation of the constituency upon which it was originally built up to its old-time influence, the impression of the constituency upon which it was originally built up to its old-time influence, the impression of the constituence upon which prevails somewhat, that describes which the uponer English and in great confusion of the entence, it was a mistake on the right side.

vegotables, and for a vest variety of the pro- bors with their speaking. carco and high. But cheap grain must make materially lessened until they reach a point

an active ingenuity, a keen juteiligence, must dered to the avarice of the venal class, and problems of life-and industry are of a more may be the process by which the practice of complex sort than those to which the north-buying wotes will be abeliahed in the country est has been accounted. Cineer observation at large. It is only continued now with the ad study will be required to take in the manihope that one side will get the better of the fold conditions of these new problems. The other, and lands to the equandering of vast equation contains a greater number of doubt- amounts of money, and the demoralization of ful or unknown quantities than beretofore, and Par

ties of success hitherto unknown. The best in- but without much confidence that it will be

standard and the unrestricted coinage of both dollar was dropped in the American coimage law of 1873, "through imadvariance rather than intentionally," and was corrected by the Swiss ually, to get through life with any degree of comfort. Yet it is a virtue which indicates de-pression of spirit, and tends to paralyze whole-

looking with end eyes through blue glasses. They are enough to take the heart out of joy itself, and never yet were known to push through centerprises of great pith and mo-

all things, when, if they bud only the sense and spirit to get the thirgs, they would be as happy as larks. In his lift of Charles the Twelfth st of the coming presidential election to that Voltaire tells a story which captivates ing the cest of increased idleness and demorating the cest of increased idleness and demorating the stagnation of legitimate business." In this sum is included not only the form Sweden by Russia. On the margin of the money need in what are called the necessary and legitimate expenses of the campaign, such as printing, the rent of headquarters and halfs, but the cost of organizing, equipping and marching an army of terch beavers, including the state of the many of terch beavers, including Lord." This sentiment was not satisfactory to music, fireworks and the many other inevitable the heroid young hing who, seizing a pencil. expenses of public demonstrations. The expenses of presidential elections have multiplied on find in that city since 1869. Pennselvania ton fold in that city since 1869. Pennselvania the fold in that city since 1869. Pennsylvania the devi shall not take it from me." Let us be is not regarded as a doubtful, nor even a dequite small our patient enundssions

the queen bees are made from the worker-larve respect, however aggravating it may be to the merely by feeding them on the "royal felly," voter. He nearly fails toldischarge his duty, instead of the common no rishment. And the hecause of coercion which he cannot successfulhecause of coercion which he cannot successfully resist. But the merculary voter, the man who accepts a bribe by that art surroughers his manhood and places himself in a position when patience is a great writte but it is a state when patience is a great writte but it is a state of the subsection of

SINS OF OMISSION.

Within the past six months there have been These extrangant expenses are the more thore bank failures in America than were good dispraceful because they are useless. Only a for the accurry, of her fluxueisly or morally expenses they are the more weathers. small portion of the money supplyed in olco-pions is directly paid out in the purchase of fairner in the late three directors had small portion of the money employed in etcopions is directly paid out in the purchase of
tailure in the last the directors had
